

First let me thank you for your interest in being a part of the staff at Fish Stalker Lures. We take pride in our product, the way it's made, and the people we are associated with. Whether or not we have openings, we are always interested in applicants with talent and promise. Even though it would be nice to accept every applicant to a staff position, it would not be in the best interest of our goals. The application process has been designed to separate the best from the rest, leaving only the few that have a true passion for the sport of fishing, the industry that surrounds it, and our products. Please take the time to read over our general requirements. If you decide that your passions and abilities meet some or all of our requirements we would love to hear from you.

Our Core Qualifications

Staff positions are offered to licensed guides, tournament anglers, angling instructors and promotional professionals that demonstrate a strong sense of values and a good knowledge of Fish Stalker's product line. Staff members contribute to Fish Stalker's success through their expert promotion of our products. Each Fish Stalker Staff member should not only be an accomplished angler, but also an effective communicator able to function either one on one or with groups of people. As such, each member of our team should be a leader within his or her community of anglers.

Qualifications to join our staff extend beyond that of being an accomplished angler. Fish Stalker's Pro-Staff members should also be accomplished educators and/or promoters. Potential Staff should offer the ability to speak at sport shows or dealer promotions, appear on television or radio, and/or write for fishing publications. Creativity, the ability to "Brand" the Fish Stalker name and the desire to sell their products either directly or indirectly is paramount to acceptance.

Interested applicants should complete our application. If you have a fishing resume, please include it. If you meet our qualifications, and we have a position available on our team, we will be in contact with you.
